

Unicorn vs. Dragon

(A unicorn and a dragon argue about who is the most powerful, only to realize they both have their own strengths!)

Characters:

- **Sparklehoof** – A confident, sparkly unicorn.
- **Blaze** – A fiery, slightly dramatic dragon.

Setting: A magical meadow.

Sparklehoof: (Flicking mane) Let's just settle this once and for all—I'm obviously the most powerful creature in the land.

Blaze: (Scoffs) *You?* HA! I **breathe fire**. Literal **fire**. That's way cooler than... whatever it is you do.

Sparklehoof: (Gasps) *Whatever it is I do?!* Excuse me, I have **magic**. I can make rainbows appear, I can heal with a single sparkle, AND my horn is basically a built-in magic wand!

Blaze: Pfft. Big deal. Can you melt a boulder with one breath? Can you **FLY** across the sky in like two seconds?

Sparklehoof: No, but can YOU create a force field that can block **anything**? Even fire?

Blaze: (Pauses) Wait... even MY fire?

Sparklehoof: Yup.

Blaze: (Muttering) That's... kinda cool.

Sparklehoof: And I guess... flying is pretty cool too.

Blaze: (Grinning) It **totally** is.

Sparklehoof: Hmm. Maybe we're **both** awesome in different ways?

Blaze: (Nods) Yeah! You can protect, and I can attack! We'd make a pretty great team.

Sparklehoof: Ooooh, I like that. Partners in power!

Blaze: Agreed! High five?

(They attempt a high five... but it's awkward because hooves and claws don't match up. They laugh as the scene ends.)
